

California Innovation Playbook for Government Change Agents

**MEMBERSHIP IS OPEN TO ALL!**

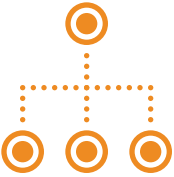

**One System. One State. One World.**

For more information: [www.cal-ipgca.org](http://www.cal-ipgca.org)

Cal-IPGCA Association is an organization of progressive, open-minded Californians who have the common purpose to transform state government with bold ideas to be the best, dynamic, and continually improving service provider to meet the common needs of all Californians, and ultimately becoming the model for other states and eventually the world.

**We're LEADERS of Government Innovation in the State of California!**

## STRUCTURE

Cal-IPGCA association is a professional community organization under the umbrella of One World Institute (OWI), a 501(c) (3) corporation that is the non-profit collaborator with ORA Systems, Inc., a California company created to find ways and means to initiate new, significant, bold, large scale transformational changes to California State Government from within, and ultimately to all governments to best serve the needs of people for safety and prosperity in environments that accelerate personal and community-based potential. Since 2012, Cal-IPGCA program is the central point and catalyst for innovators, processes, partners, promoters and collaborators to achieve their stated goals:

## MISSION

To model leadership that promotes creativity, innovation, and growth to transform government.

## VISION

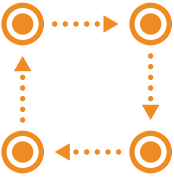

To create a community of California government change agents who lead tomorrow's innovative work force, today!

## VALUES

To Challenge, Build, Transform, and Thrive.

## SUPPORT

Partners supporting these efforts presently include:

### APSEA

Asian Pacific State Employees Association, a California statewide tax exempt Section 501 (c) 4 non-profit and non-political organization providing numerous services to their members and contributes to the betterment of the Asian/Pacific Islander (API) community; Cal-IPGCA key executive sponsor

### NXT GOV

A professional California 501 (c) 6 organization providing a network for all people working in California public sector and those who are interested in public service

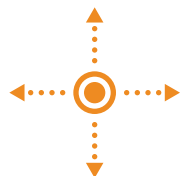

### OD4CA

Organizational Development for California State Government, an in-house, professional association dedicated to transforming California State Government by developing and executing organizational development (OD) principles and best practices at all levels of the workforce

### EDUCATION & TRAINING PARTNERS

A wide and growing list including **California Government Operations Agency, California Department of Motor Vehicles Department of Water Resources**, CA Highway Patrol, Cal-Fire, Department of Transportation, California Department of Human Resources, CA Department of Technology, California Department of Toxic Substances, California Department of Rehabilitation, California Natural Resources Agency, Employment Development Department, Franchise Tax Board, CA Health & Human Services, State Compensation Insurance Fund, State Controller's Office, State Treasurers Office and more

## GAME CHANGERS

### SACNet

A direct result of the 2019 Cohort, the State Agency Collaboration Network has completed its proof-of-concept beta-test as the first level of a state wide agencies Skills-bank which shares mentors, talent and collaborators when and as needed for normal times, emergencies and the advancement of government innovation. SACNet levels the playing field by creating a forum for all in the state's workforce to collaboratively contribute – expanding human and organizational capacity in tandem.

### COHORTS

The key vehicles which cross-pollinate state government to bring together state workers from all fields, diversities and levels to co-create "Moonshots" for significant changes and advancements well beyond usual attempts to improve existing systems.
